Committees:

Regional Safety Exercises – Kim Crabtree & Patricia Baker report that:

There were a total of 38 contestants that competed out of 42 that were registered. It was felt that had there been a 2nd Back-up Alley that things would have been perfect. Problem with the two-way radio's not working on location. Surprise question was missed by quite a few of the contestants. Most missed events were Back-up Alley and Student Stop. The committee apologies' for lunch not getting out to some of the judges and runners. For a 2nd year NW Chapter has not awarded the Buck Klemm Award due to the lack of nominations. Still need judges for State Safety Exercise on June 4th in Salem. Please contact Patricia if interested. A hearty Thank you to Brattain for supporting a barbeque and Western Bus sales supplying drinks for the day for competitors and judges. A big thank you sent out to Patricia B. and Kim C. for all the hard work that goes into making a fabulous regional safety exercise.

Winter Workshop – Jean Frazey reports that:

The tentative date for the 2012 Winter Workshop is March 19, 2012.

Patricia Baker handed out copies of the registration information from Jennifer Willis for everyone to review. There were a few things that were suggested in the wording that would make it a little more clear what was meant.

The second paragraph stating the information about the workshop cost, change the wording to make it clear that the \$35.00 includes the four day workshop.

Last sentence of the same paragraph, change wording to make it clear that the CORE 8 class must have been completed to be eligible for the CORE Refresher Class.

There are also some class instructors to verify information with to finalize this and get it posted to the website,

There is a need for volunteers, please contact Patricia Baker if interested.

The association sends out a big Thank You to Jennifer Willis for all her hard work on this workshop organization.

DOE Report: T.J. Crockett reports:

Minimum Standards are open to comments currently and there is a Public Hearing on May 25.

Bill for Education Funding has been read by the education committee. There seems to be no movement in the bill. Bill still needs to go to work group and public hearing but time is running out.

Patricia B. asked about a bill she read about that makes changes to commercial vehicles and stopping at railroad crossings. T.J. said he would look into it and report back.

Teri B. asked about the BESTY Bill which funds alternative transportation for school students. T.J. said that the bill committee has requested information from DOE; he is not sure how far the bill will get this period.

FMCSA posted on their website that the guidelines for approved Certified DOT Physicians List will be finalized later this year. T.J. expects that there could be a three year period before all is implemented.

Some other things that will be coming up by 2014 are no more pictures on DMV Permits and more changes to the Medical Cards.

ROUNDTABLE:

Patricia B. shared that there recently was a meeting to learn about OSHA requirements that she attended with others from the transportation industry. She shared the following information: OSHA suggests that gloves are used when fueling your vehicle. She asked what others in the room did. Some reported that they used gloves or gloves and goggles while others had nothing set-up.

OSHA suggests that non-skid shoes be worn. Some reported that they required drivers to wear closed toe/heel footwear, others required that there be a strap to hold the foot in the shoe.

OSHA suggests that to prevent slips/trips/falls that you practice 3 points of contact. Most did not know what this term was and it was explained to the group that when the drivers are entering/exiting the bus that two hands and one foot or two feet and one hand were always in contact with the step/ground and handrails to ensure safety of the driver.

Meeting adjourned at 12:15 pm.

Next meeting: June 20, 2011 at State Conference at 4 pm. Location will be announced at the workshop.
