Committee Reports:

***Conference-*** "Connections" program worked out good. Lots of good feedback. – ten minutes might be a touch too long. Ideas for the future.....1. Assign Vendors a table to start. 2. Fill the tables with attendees 3. Spread the vendor subjects out. 4. Spread the District (attendees) out so they are not all listening to the same presentations. Other Ideas; Assign lunch table so

more visiting with peeps you don't know. Place questions on tables for breakfast and lunch so have a topic for discussion if wanted.....see what happens. Awards at Lunch was a big hit. Do a Bio for the Board members and put in e-news or fliers. Small Districts liked the contact with vendors and big Districts. Build in more Sponsorships. Change the wording on the sponsor profiles to "a scholarship in their name" Save the Dates out sooner like in October. Update the "Connections" explanation. Look up "Gecko" –Routing/Dispatch software. Update the Board Directory.
